

Long-Term Agreements

Reference list, October 2026

We are the proud holders of a range of long-term agreements (LTAs) with intergovernmental organizations including UN entities covering a broad range of services within and around visual communication. Please find below the reference list of the LTAs that we currently hold. Some of our LTAs are available to be utilized for piggybacking in order to benefit from already established pricing arrangements for goods and services. In addition, some LTAs are eligible for mutual recognition, as outlined by the UN System Chief Executives Board for Coordination (CEB), which allows the UN entities that have signed the statement, to use and rely on another entity's policies, procedures, system contracts and related operational mechanisms without further evaluation, checks or approvals being required. Read more here: <https://unsceb.org/mutual-recognition>.
